# Weekly Collection Reporting Change

In order to give you clearer and more timely feedback on the financial position of the Parish, The Finance Committee and Father have agreed that changing the format of how we report our weekly offerings would be appropriate. Effective this week, we will now show the average weekly donation (adult envelopes and ACH donations) required to help achieve a balanced budget for the current fiscal year (July 1 thru June 30). We will also show the amount collected for the previous week, the amount over or under for that week as well as the total over or under the fiscal year to date.

By showing you in a real time format, you will be able to better see how we are doing. We have worked diligently to cut costs, become more efficient in all areas and drastically improve the transparency of St. Lucy Finances. While the reality is that today's Parishes must be run like a business to survive, they are really like a co-op. We all have a common stake and goal in St. Lucy's. By working together to achieve these, we help insure our long term survival. The most important fact though is that this will be done together as a Parish family with a great deal of faith, prayer, smiles, tears and sacrifice along the way.

God Bless and thanks for supporting this great Parish and School.
